

Last Chance To Help "March Of Dimes" Drive

Town Manager Charles T. McDonald made a special plea to Greenbelters this week, in his capacity as chairman of the local "March of Dimes" campaign, reminding the town that the drive for funds to fight infantile paralysis is nearly over.

"We have made a fair response here in Greenbelt," Mr. McDonald stated, but urged that all residents return the folders mailed out by his office as soon as possible, if they have not already done so.

"As chairman of the drive here, I wish to express my sincere appreciation to those who have so generously assisted in this campaign," Mr. McDonald added. He paid a special tribute to the Girl Scouts, who collected \$133 for the drive at the Theatre last weekend.

Will Discuss Ways To Ease Crowding

The likelihood of providing temporary high school housing to ease the existing facilities will be discussed Wednesday, February 9 by the High School PTA at 8:15 in the high school auditorium.

An alternate plan to meet the expected increase in student registration calls for a double shift system in school hours.

The debate will be based on a report of the PTA executive committee which met with Assistant County Superintendent of Schools, William S. Schmidt, to thrash out the problem.

The balance of the evening's program will be devoted to high school requirements for college entrance and the need for a planned curriculum.

Home room visits among teachers and parents will take place before the meeting begins. The meeting will close with refreshments and a social period.

Watch Those Kids!

Parents are warned to be especially careful to check their children for any sign of illness before allowing them to attend school, as there are a great many cases of mumps and measles in both the Center and North End schools.

When a child is ready to return to school after having had a contagious disease, he should bring a note to the teacher, signed by a doctor or by the Greenbelt Public Health Nurse, stating that the child has fully recovered. This will prevent the child's returning to school while still a carrier of the contagious disease. If all parents will cooperate, it may be possible to cut down the number of contagious illnesses in the schools.

Schools will be closed Friday in order to allow the teachers to attend a County teachers' meeting.

Md.U. Charter Banquet In Baltimore Feb. 10

Greenbelters wishing to attend the University of Maryland Charter Day Celebration on February 10, at 7 p.m., Lord Baltimore Hotel in Baltimore, Maryland should contact Mrs. Mary F. Chaney, 7503 Princeton Avenue, College Park. Dress is optional for the men and formal for the ladies.

Dr. James W. McCarl, who is chairman of the committee for Greenbelt, will be glad to furnish any information regarding the Charter Day Celebration.

The next regular meeting of the Greenbelt Town Council will be held Monday, February 7, at 8 p.m. in the town offices next to the bank.

Home Fires Kept Right On Burning

PHA Manager Charles M. Cormack stated Tuesday that, despite the abrupt change in the weather last weekend, maintenance offices received no service call for heat adjustments from the defense homes in the North End of Greenbelt, a usual source of trouble in cold weather. Mr. Cormack attributed the satisfactory service to the new heating system, and to a new piece of pipe recently installed to assist in serving the homes heated from the large Plateau Place plant.

The Police Blotter

On a routine check, Officer Weber found the door to the North End store open last week in the early morning. The manager was notified. On Monday, a routine check by Officer Green disclosed that the North End store had been entered illegally. He discovered two boxes of candy, two pieces of clothesline, three popples, two cups of ice cream and a half-pound bag of candy on the stair steps. A box of bubble gum had been emptied and the carton discarded. It was determined that the store had been entered through the trash door and then through an unlocked window. Early the next morning, another routine check disclosed that a back door was open. That evening another complaint about a petty larceny was received from the North End food store. The Police Department are investigating all clues and hope to break the case soon.

Mrs. J. W. Marcus, 2-T Gardenway, reports that her car window was broken by children in her court. Charles C. Barrickman, 8-H Parkway, made a complaint about grease being thrown on her car.

Clifford May, 21-E Parkway, informed the Police Department that white wheel rims were stolen from his automobile, and Angelo Campo, 8-J Parkway, reported that a tire gauge, spark plugs, a can of anti-freeze solution, and miscellaneous articles were stolen from his car. Mrs. Esther Nimocks, 8-D Parkway, missed personal papers and other important items from her glove compartment in her car, and believes that they were stolen.

James D. Wolfe, Greenbelt postmaster, informed the police that his auto was struck by another car in College Park. The other car did not remain at the site of the mishap to be identified.

The Police Department provided transportation for Miss Ann Smith, 4-H Southway, to the Medical Center for treatment after she injured her head at the Drop-Inn. An unidentified girl was taken home after becoming ill in a tumbling class at the Center school.

Police were called to quiet noisy youngsters in the Drug Store last week. There were two calls received concerning lost children, and one complaint about children throwing old tires at each other. A brush fire, reported to the Police Station, was out on arrival, and it was reported that lights were out in an underpass. Mrs. John Willey, 73-M Ridge, complained that her porch light had been broken by mischievous children. And an injured cat was found on the steps of 2-D Northway by Henry Mazlen, who reported the incident to the Police.

G. W. Cross, 5-A Eastway, reported that his fence was removed. A report of something burning turned out to be an overloaded washing machine, after police investigated. A complaint received about stolen dresses was discovered unfounded when the dresses were located in the complainant's home.

Women Voter's League Has New Radio Series

A new series of broadcasts sponsored by the League of Women Voters of Prince Georges and Montgomery Counties, started with a broadcast on Monday, January 24 at 9:45 a.m. over radio station WGAY (1,050 Kc).

Mrs. Lyman Woodman of 20-G Hillside, who is in charge of the Prince Georges County broadcasts, interviewed three members of the League at the initial program, one of whom was Mrs. Carolyn Sharpe of Greenbelt. Mrs. Woodman was the League Reporter on the previous series of information programs.

Mrs. Woodman is preparing a radio skit entitled "My Name is Bill," which will dramatize a bill going through the State Legislature. This will be heard on the February 7 broadcast at 9:45 a.m. The Prince Georges and Montgomery County League programs are heard on alternating Monday mornings.

North End PTA Meets Tuesday

The regular meeting of the North End PTA will be held on Tuesday, February 8 at 8:15 p.m. at the school auditorium.

Mrs. Myra Hertz, chairman of the Health Committee, is in charge of the program at this meeting. Dr. Morris Chase, pediatrician from Children's Hospital, will speak on the health of the child. He will stress what parents can do and how to know when to call the doctor. A question period will follow.

The teachers will be in their classrooms from 7:45 to 8:15 to receive any parents who may wish to visit the rooms. Refreshments will follow the meeting.

Drop-Inners Plan Sweetheart Dance

The junior high group at the Drop-Inn will celebrate Valentine's Day a bit early this year with a sweetheart dance, complete with sweetheart contest, scheduled for this coming Saturday night, 7:30 to 11 p.m., at the youth center.

Prospective "sweethearts" and their partners will dance to the music of Herbie Hall's orchestra, with the crowning of the winning "sweetheart" to highlight the evening. Admission will be 15c each for members and 35c for non-members. Refreshments will be on sale at the snack bar.

Friday nights lately at the Drop-Inn have been really buzzing too, especially after home basketball games when teams and spectators join at the youth center for a bit of after-game talk and fun. Wednesday is also open now for the senior high group, with the week-day afternoons from 1:30 to 3:30 open for boys and girls out of high school who are free at that time.

Women's Club Dance Next Wednesday

Plans have been completed for the Woman's Club annual Valentine Dance to be held on Saturday, February 5, in the Center school auditorium, according to Mrs. James T. Gobbel, president. Mrs. Miles Bonnar, general chairman, has announced that dancing will be from 10 to 1 with Walter Hubbel and his orchestra furnishing the music; formal or informal dress may be worn.

Decorations, under Mrs. Donald F. Romer, feature the "Gay Nineties" period.

Refreshments, in charge of Mrs. Joseph L. Rogers, will be sold in the social room. The cloak room will be attended by the Greenbelt Rescue Squad.

Council Accepts \$8,000 Budget Cut "Getting More Than We Deserve"

Expediency won out over principle Monday night when the town council voted to accept a cut of \$8,000 in their 1949 budget. The vote was three to two, with council members Frank Lastner and Betty Harrington dissenting. Town Solicitor John White supported the minority view.

Local Talent In Recital

Advanced pupils of Lydalu Palmer will give a voice recital in the Center School Auditorium Sunday, February 6 at 8 p.m. Program will consist of classics, light opera and folk songs in four languages. Those appearing are young people and adults of Greenbelt and surrounding territory. The public is invited. There is no charge.

Our Neighbors Want To Stay Outside

Greenbelt may be considered a good place to live by most of its residents, but private property owners within the town limits, but outside its jurisdiction, want no part of it.

This attitude was brought home to the council in no uncertain terms last Monday night when a group of sixteen persons representing the various Schrom interests attended a meeting called to consider town boundary changes.

Must Be Changed

Legal opinion from Public Housing Administration declares that a clause in the Greenbelt town charter, known as the "nominee" clause, will have to be changed or deleted from the charter before the town government can collect rent from the future new owner of the housing development here. This clause states that the owners of private property within the town limits are exempt from town jurisdiction and therefore from taxation by the town.

The meeting was called by the council, therefore, to learn from the owners their position before a charter change is presented to the State Legislature. The owners made it very clear that they are satisfied to continue to receive no services from Greenbelt and would feel safer if legally outside the town limits.

Schrom Talks

F. W. Schrom, Jr., explained this position at length, saying that while this council might have all good intentions, a later council might want to tax the properties unreasonably and "we would have to come over here and pat the council members on the back and maybe pass money under the table again." (Editor's note: What does he mean, again?)

Questions raised at the meeting while the visitors were present and during the discussion afterwards include:

1. Can the "nominee" clause be written to exclude the present private owners from taxation if they are still within the town limits of Greenbelt? Solicitor John White and Town Manager Charles T. McDonald are of the opinion that this cannot be done and that the privately owned land would have to be written out of the town limits.

2. Do the present private owners want services from Greenbelt and a minimum tax? Definitely no. They claimed they were not interested in fire, police, sewage, garbage or water service from Greenbelt, either now or in the future. The don't think much of the Greenbelt road they use and claim their equipment does not wear it out.

3. Is it desirable for the future protection of Greenbelt that these properties be under town control? The council believes it is.

4. If so, can such inclusion pass the State Legislature? This is the big question. The Schrom interests have won over Greenbelt before, and they indicated Monday that they would fight such a move.

Too High, Sez PHA

Public Housing Administration, whose yearly payments to the town in lieu of taxes largely supports town operations, received the town budget totaling \$216,000 and request for payment of \$183,000 on December 20. On January 29, PHA replied saying in effect that the budget was too high and that they would be willing to pay \$175,000 to the town.

Mayor Thomas J. Canning explained that the delay in reply from the government agency forced the council to accept the reduction or borrow money for town operations until PHA could be convinced of the town's need for the full amount.

Protest Voted Down

A motion presented by Mr. Lastner, directing a letter to PHA protesting the cut and placing the responsibility squarely in PHA's lap for curtailed town services, was supported by Mrs. Harrington but voted down by the other three council members. This motion would have entailed borrowing money for the town government until the budget matter was settled.

However, Mr. Lastner pointed out that money has been borrowed in former years when PHA was slow in making its payment. He felt, and in this Mrs. Harrington and Solicitor White concurred, that PHA had no right to dictate to the town in the matter of the budget, and pointed out that several points raised in PHA's letter, understood to have been drafted by Community Manager Charles Cormack, were inaccurate and inapplicable to the situation here.

"It is setting a precedent if we accept this cut," Mr. Lastner said. "Why should we study the budget for six weeks, keeping costs as low as possible commensurate with rendering good service, if PHA demands and gets a reduction?"

More Than We Deserve

Councilman Allan Morrison stood alone in a conciliatory attitude toward PHA. Among his comments were: "We are getting more than we deserve" and "we have a top-heavy recreation program." He also said that he could cut \$15,000 out of the budget and still run the town well.

Mr. Morrison offered a motion stressing the town's desire to cooperate with PHA and bringing in a possible connection with the budget and a rent increase for residents.

He said several times that he could see the other fellow's (PHA's) point of view, which finally caused Mr. Lastner to exclaim, "When you are on the council you are not in the other fellow's shoes!"

Wells Harrington, present at the meeting, pointed out that the \$8,000 cut if applied to the rent situation would represent a mere \$4.00 per year per unit.

Mr. Morrison's motion received no second, and a formal motion amending the budget in accordance with PHA's request was passed. Mr. Canning, in making the motion, referred to the request as "picayunish" but his position was that he was opposed to borrowing when he felt that eventually the town would have to accept PHA's figure.

Following the departure of the visitors, the council requested the town manager and town solicitor to consider a plan proposed by Councilman Frank Lastner to offer the owners fire protection at the same rate they pay the county, to go over the whole boundary problem and report back to the council at next Monday's meeting.

ON BUS SCHEDULE

To the Editor:

The new Co-op bus schedule has created quite a problem for some of us. There are still people who have depended on the early morning local bus service for transportation connections to work and have continued to be in need of it.

For instance, it is a long, cold walk from Ridge and Laurel Hill Roads to the Center, especially when one is pregnant.

Perhaps a bus schedule with the same number of hours but more convenient to all concerned could be proposed. Community opinions and suggestions would be helpful.

Sincerely yours,

(Mrs.) Alice E. Fusillo

Town Manager Charles T. McDonald commented Tuesday on the importance of considering next year's kindergarten registration.

"A possible increased enrollment, for which we must make plans, is definitely in the offing," Mr. McDonald remarked. "Therefore, we are requesting those of you who have a child who will be entering kindergarten next fall to notify the town office at an early date. Any child who will have reached his fifth birthday by December 31, 1949, can register."

Cubs Hold Minstrel

On the night of January 26 at the North End school, Cub Scouts of Pack 202 put on their own big minstrel "from the four corners of the globe." Besides songs and jokes there were specialties of tricks by the Magical Magicians from India, a hula dance performed by Hilo Hattie's Glamor Girls, a tap dance, and the one and only Razzle-Dazzle Band.

This pack meeting was also the occasion for presenting a gift to Austin Wooley, who has resigned as Cubmaster because he has moved to Eastpines. Arvie Paris, who is taking over the duties of Cubmaster of the Pack, was initiated very thoroughly by performing as interlocutor for the minstrels.

with Aunt Penny

Anne Lawler called this morning about next week's church supper. She wanted each of us on the committee to call a list of people so we'll know how many to expect.

After I'd finished the breakfast dishes, I sat down at the telephone and started calling one person right after another. I was down to the fourth name on my list before I stopped to think of the other folks on my party line. Here I'd tied up the line for fifteen minutes without a break. Supposing someone else on the line wanted to make a call!

Needless to say, I ended my "calling marathon" right then and there. I'll make the rest of those calls later on in the day, one by one and spaced several minutes apart. The Chesapeake & Potomac Telephone Company of Baltimore City.
